

# Assignment 1

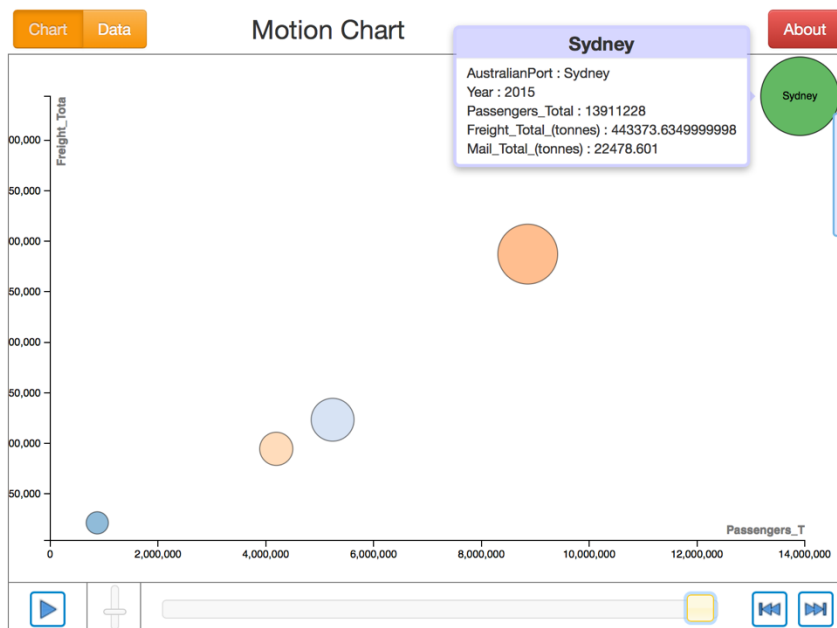

Name : Abrar Fauzan Hamzah

SID : 28551494

1. It is because that in 2016, the data was only recorded up until May while 2015 was recorded until December.
2. 1996 with the difference of 1,199 passengers

3. Sydney

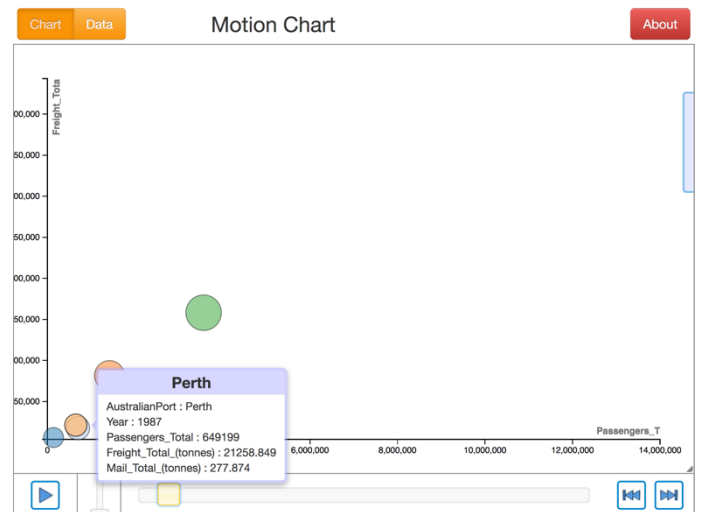

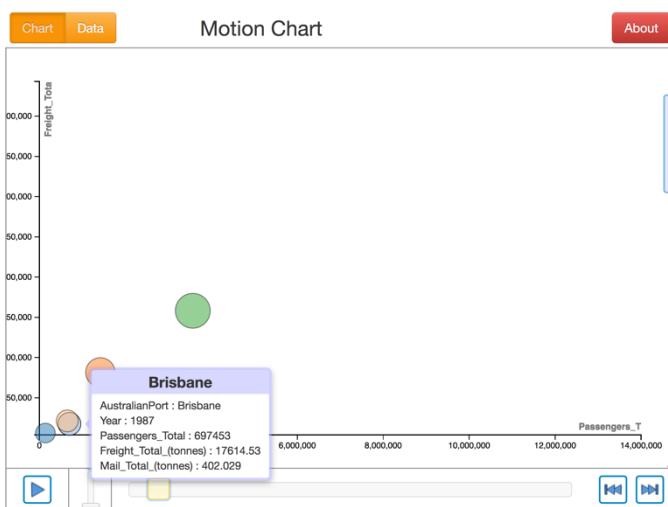

#### 4. Perth

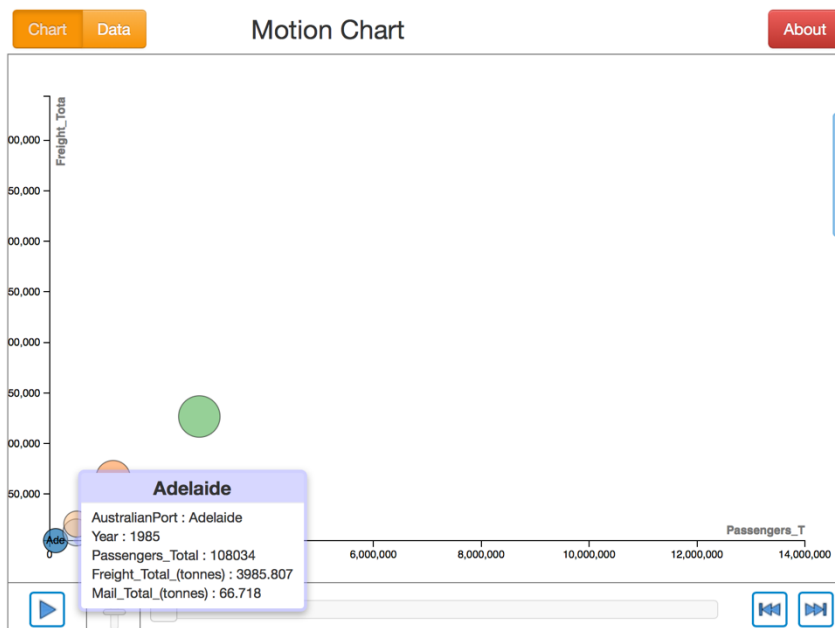

- Passengers Total: 649199
- Freight Total: 21258.849

and Brisbane

- Passengers Total: 697453
- Freight Total: 17614.53

#### 5. Adelaide in 1985

6. Yes, from 2000-2003 it decreased from year to year. Looking through the chart itself does not give any explanation on why did this occur. Also, from 2015-2016 since data was not recorded completely in 2016.
